**We know there is nothing more important on your wedding day than every single detail! We also know that planning a wedding can be overwhelming, but it doesn't need to be!**

## Full Wedding Package \$7,500

When you hire Jayne and her team, we become your project managers; ensuring no detail is missed; keeping the steps collaborative and manageable. We understand our busy Brides who still want control over decision making but also need a Pro to guide them through the process. We take you on a fun and explorative journey - from initial planning to post wedding brunch and everything in-between.

We are there to help you through each planning stage — from defining your dream look; keeping it fun and fresh; to executing a flawless planning experience without the hassle of vendor coordination or the worry of timeline management. We serve as your on-site logistical experts, leading the team to ensure your day comes to life, according to plan. After all, we don't just plan; we create and deliver the experience.

## One Month Out Coordination \$3,000

So you know exactly what you want and you've got the ball rolling, but you need some help in bringing all of the little details together, to make your dream day happen. This is where we step in and help coordinate, so you can relax and enjoy the excitement that comes, as your wedding day approaches. With an initial meeting, we will understand your vision so we can keep "your ball rolling" to ensure that all of the T's are crossed and I's dotted! We will attend your rehearsal; understand and create the timeline running up to your special day; manage all vendors and do anything else needed, to make your wedding day your dream come true.

**As your wedding planning partners, it is our mission to make sure you, your respective families and your guests fully enjoy the entirety of the experience, are happy and carefree on your big day.**
